Season Review

W1 enjoyed a fantastic season, securing promotion on the final day with a nail-biting draw against Slough. It was a remarkable achievement for a very young squad that consistently exceeded expectations. Huge credit must go to Coach Christian Moody and Manager Ben, whose leadership, preparation, and belief in the players were key to this success. Promotion was fully deserved.

M1 endured a slow start to the campaign, with some disappointing early results. However, the team responded superbly, recovering strongly and ultimately finishing just short of a promotion push. A late goal conceded against Fareham proved costly, but from that point onward the squad came together and produced some of the most exciting hockey of the season.

Despite excellent coaching from Harvey, W2 suffered a narrow defeat to Bristol University in the final game. Although the team finished fifth fr

om bottom, relegation followed due to the new league reconstruction. This was an unfortunate outcome for a side that showed resilience and improvement throughout the season

M2 experienced an inconsistent campaign, mixing strong performances with frustrating results. Nevertheless, a very young squad finished a commendable 4th in the league. The season ended on a major high, with a superb 3-2 victory over unbeaten Firebrands, who went on to win the league comfortably.

Looking Ahead

Next season promises further challenges and opportunities. M1 will be targeting promotion, while W1 will aim to establish themselves and compete strongly in Division 1 South.
