

START OF A NEW SEASON

USER GUIDE

Luckily for you, most of the legwork has been done for you. There are some things that you will need to check and then you can get to entering availability and paying for the season ahead :

Check registration details | Check your team | Pay your subs | Enter your availability

Check Registration Details:

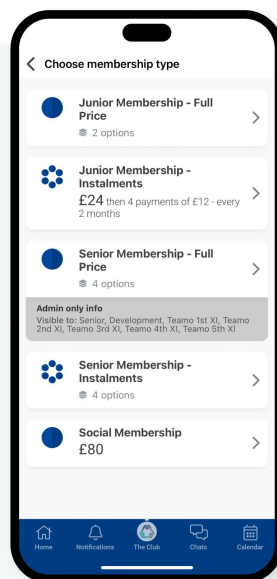

To do this click your profile icon and select your name. This will pop-out your profile. Click the info tab and check all the answers are still correct. If you need to edit an answer, click the pencil beside the answer and save the new details.

Check you are in the right team:

Admins and Managers might have moved people around, so it is worth checking you are in the right team. If you still have your profile loaded, scroll to the bottom of your profile to see Teams/Groups.

Pay your Subs

Clicking your Profile icon again, but then select Payments. The membership options might take a second to load through, but once they have, select the membership you need and click buy. You will be able to see the completed payment in the History tab, once paid.

Enter Availability

Click the calendar tab and head through the uploaded events! Mark in if you can or cannot play for as many fixtures and training sessions that you know about. This gives the manager/captain the necessary information to plan ahead.
