Message from the new Chair Jonathan Rake

I am incredibly proud to step into the role of Club Chair. For those who don't know my journey here, it started at seven years old when Alan Graham came to my primary school for a coaching session.

From that day on, I was hooked. I've progressed through the youth section and moved all the way up through the adult teams. Beyond playing, I've been heavily involved in maintaining our grounds at both Parley and Littledown, and have served on the committee since 2020. Having seen this club from every possible angle, as a junior, an adult player, a volunteer, and a committee member. I am incredibly excited to bring all this experience into my new role and help steer us, alongside the rest of the committee, towards a fantastic future!

End of season presentation

Congratulations to all our award winners at the annual end of season presentation evening. It was great to see so many members come together to socialise and reminisce about the summer! One of our main objectives now we have access to the Parley Hub is to increase our number of social events so keep an eye out for these!

AROUND THE BOUNDARY

Littledown Square

For the first time in many years Littledown has had a full RENOVATION this autumn, alongside the annual one at Parley to improve the condition of the pitches.

Sponsorship Update

United Taxis has once again committed to sponsoring the club for another 12 months.

Please get in touch if you know a business that would like to support the club.

Head Coach & ECB Courses

Our search for a new head coach continues... If anyone would like to become a qualified coach we have a new offer to help our members. 50% off course fees with the remainder reimbursed in full by the club after 12 months coaching at Parley. Please get in contact for more details.

Club Finances

A gentle reminder, all committee roles are voluntary, please reduce our treasurer workload by paying all match fees on time, thank you.

News from the committee

Parley Cricket Club are excited to launch our new monthly newsletter, designed to bridge the gap between the committee and our valued members.

This regular update will bring you the latest news directly from the heart of the club, keeping you informed on key committee decisions, upcoming events and essential club developments.

"Have your Say"

To truly build this connection we are introducing a permanent **"Member Correspondence"** slot on every future committee meeting agenda. This is your dedicated space to have your voice heard - whether you want to raise an issue, share positive or constructive feedback, pitch a fundraising idea, or introduce something brand new to the club.

If you have a great initiative, the committee is ready to discuss it and give you the green light and support to run with it.

Please email any ideas or feedback for this section to *parleycc.chairman@gmail.com* and help shape the vibrant future of Parley Cricket Club.
