How do I create a FAN?

Modified on: Wed, 2 Apr, 2025 at 8:51 AM

The first step is to check whether you have a FAN in existence.
Please click the following link to check. https://secure.thefa.com/fan/retrievefandetails.aspx
If you do have a FAN in existence, you will be sent an email with your FAN included, please make a note of this.
Once you have a FAN you can then log in to our website FA Learning Website. with your email address and password. If you have forgotten your password, then please click forgotten password.

If you do not have a FAN click here and select the 'sign up' option

Follow the instructions and input your details to create a FAN

If you encounter any issues, this may be because you already have an account set up with the email address. In this case, you can select the 'forgotten password' option to reset your password and use your pre-existing FAN.

Alternatively, you can contact our FA Education Services team here who will assist in getting you access to your FAN.
